

Brushed Lines and
Drawn Lines | **LVT**

Interface®

Brushed Lines™ and Drawn Lines™ | LVT

Earth is the ultimate influencer. Organic lines. Dusty colors. Nature's favorite pattern-making method, fractals. These traces of the natural world ground us, connect us to the here and now.

Brushed Lines couples a diffused linear texture with a light-capturing quality that sparkles on the floor. Its subtle design complements both its warm and cool neutrals and its pops of earthy, mineral tones. Modern refinement from raw and natural inspirations.

Drawn Lines layers filament-fine marks in varying weights and rhythms. This fine linear matrix softly pools into areas of light and dark with a thread of metallic adding shimmer and depth. Prismatic geometry that captures interest again and again.

And at Interface, we're 'all in' on becoming a restorative business, driving toward positive impacts. As part of our commitment, Brushed Lines and Drawn Lines contain 39% recycled content and are recyclable in the 4.5 mm format through our ReEntry™ program.

Specifications

Product Number	A016
4.5 mm	C007
3.0 mm	
Product Construction	High Performance Luxury Vinyl Tile
Class/ASTM F1700	Class III Printed Vinyl Tile
Wear Layer Thickness	22 mil
Total Thickness	4.5 mm and 3.0 mm options available
Backing Class	Commercial Grade
Finish	Ceramor™ Coating
Nominal Dimensions	25 cm x 1 m (9.845 in x 39.38 in)
Total Recycled Content (Pre Consumer)	39%
Indoor Air Quality	GREENGUARD Gold FloorScore® Certified CDPH 01350 Compliant
Environmental Certifications	NSF/ANSI 332 Silver
LEED v4	Contributes to multiple IEQ and MR credits

Why Our Modular Resilient LVT?

Integrated System

Save time and look good doing it. Our LVT integrates with our full product portfolio, allowing you to streamline specification and installation. Add our modular carpet for an inset rug or nora® in an adjacent field.

For a no transition strip solution, opt for our:

- 4.5 mm LVT to any carpet tile
- 3.0 mm LVT to most 17 oz or less carpet tile on GlasBac™ or CQuest™GB backing
- 3.0 mm LVT to our nora rubber flooring

Easy Maintenance

Create a unique look that lasts. Interface LVT extends the life of your floor. From simple damp mopping to selectively replacing 4.5 mm Sound Choice LVT tiles, your flooring investment will stand the test of time - beautifully and effortlessly.

ReEntry™

Keep flooring out of the landfill. All of our LVT is produced with a controlled material stream, and 4.5 mm Sound Choice LVT can be reclaimed and recycled along with Interface carpet tile through our ReEntry program. ReEntry is the only third party certified recycling system among North American flooring manufacturers.

Noise Reduction

Silence distractions. 4.5 mm Sound Choice is a specially formulated backing for superior noise reduction, offering you best-in-class impact sound reduction and floor to floor sound transmission.

High Performance from Top to Bottom

4.5 mm Sound Choice™ LVT

3.0 mm LVT

- 1. Ceramor™ Coating.** Scratch and scuff resistant, UV stabilized ceramic bead coating.
- 2. Wear Layer.** High quality, 22 mil layer enabling 15 years of resilience and performance.
- 3. Print Film.** High definition wood looks, stone looks and innovative Interface designs.
- 4. Core Sheet.** Provides stabilization and reduces telegraphing from beneath.
- 5. Fiberglass.** Adds dimensional stability and controlled flexibility.
- 6a. Sound Choice Backing.** Provides added comfort and superior acoustic performance.
- b. Backing.** Provides greater resistance to residual indentation.

Environmental Product Declaration (EPD)

A third party verified statement of product ingredients and environmental impacts over the entire life cycle of a product.

GREENGUARD Gold & FloorScore®

Meeting the highest standards for indoor air quality and assuring very low emissions of VOCs, Interface LVT is GREENGUARD Gold and FloorScore® Certified and CDPH 01350 compliant.

Health Product Declaration (HPD)

A transparency tool for evaluating if a product includes materials of concern and whether it supports Green Chemistry.

NSF/ANSI 332 Silver

This standard evaluates the environmental impact of resilient floor covering for its entire life cycle.
