Look Both Ways™ Collection

Monolithic textures denoting gravity and substance live with light-hearted colour and confetti. Unexpected combinations of materials inspire creative outcomes. Celebrate the mix!

Look Both Ways is a collection of carpet tile and LVT patterns combining Zen-like purity with playfulness. Marrying purpose and function with your intention, these styles create landscapes that perform and delight in infinite ways.

Step it Up™, the foundation of the carpet tile collection, includes the best urban greys plus six streetwear-inspired colours. The other patterns share the same neutral palette, but each has distinctly different textures: Step in Time™ carries the nuance of a crushed velvet; the curves of Step this Way™ are the softer twin to Walk About™ LVT; and Step Aside™ steals the show with a spray of accent colours tossed across the plush finish, elevating the entire collection to an elegant celebration of floors. Step, walk or run, but definitely Look Both Ways for design inspiration.

Carbon Neutral Floors™ Like all of our products, globally, Look Both Ways is carbon neutral. Join us in creating a climate fit for life. **#ClimateTakeBack**

LVT & Carpet. A power duo.

Look Both Ways combines hard and soft flooring with intentional design, which makes choosing the right materials for your space even easier. Seamlessly move from carpet tile in a private work area to LVT in a busy corridor, without changing patterns or using transition strips. Brighten a small, but heavily trafficked space with a lighter shade of LVT and create nested areas with inset area rugs. Every mix is a match with no sacrifice of performance or aesthetics.

LVT & Carpet. A power duo.
